This short book explains how to read the passage and how to manage the answer choices quickly and efficiently. Mr. Gouda has developed these skills over 13 years of preparing students all over the world for their SAT tests. After using these skills with over 2000 students, Mr. Gouda knows they work. Each skill is explained in details then is followed by an example. Finally, after the example you will find a reference to an example from The Official SAT Study Guide 2nd Edition for more clarification. Understanding the skills won't take time but practicing using them effectively will.... so start now. Here's an example of one of the skills in this book: SKILL 13. OPPOSITES When you compare answer choices keep an eye out for opposite words. Answer choices that have words that are opposite of each other are very good candidates for the correct answer. Example on Skill 13: Take a look at the example below (without a citation). 12. The author characterizes the "propaganda" in line 9 as having (A) failed because of the lack of knowledge about Picasso (B) showed the negative effects of commercial art (C) helped clarify the value of modern artistic expression (D) solved the problem caused by the issue (E) failed to increase the artwork's monetary value Choices A and E have the word "failed" while choice D has the opposite word "solved." This means that the correct answer is probably A, D, or E. Using other skills (like Skill 14) will further narrow down your choices. Let's take an example from the Official SAT Study Guide P. 403 question number 11. This is a difficult pair (of passages). Compare the answer choices. After a close look, you can see that choices C and E have Opposites. Where? Choice C says, "a characteristic of Thoreau's..." which means that it is typical of Thoreau. Choice E says, "atypical of Thoreau's...." Atypical is the opposite of typical. This means that choices C and E are strong candidates for the correct answer. The answer is indeed one of them, E. Help students develop and practice the skills they need to compare and contrast fiction and nonfiction passages. After each of the 25 pairs of passages, students are asked both multiple choice and open-ended questions. This is a series of 5 books which includes carefully designed topics to enhance comprehension, communication and writing skills for 6 to 16 year olds. www.research-prep.com The Law School Admission Test, LSAT, is comprised of several question types. These are designed to measure a test taker's ability to succeed in law school. The question types include: logical reasoning, analytical reasoning, reading comprehension, and an unscored writing sample. Research Prep. LSAT will prepare you to score highly on all of these questions. This book contains over 350 LSAT practice questions as well as MCKAY RESEARCH guiding strategies. Over 300 of the questions in the book are actual LSAT test questions that appeared on prior tests. This book will show you how to tackle all of the questions, and it will let you practice with over 350 MCKAY RESEARCH and LSAT Prep. questions. Logical Reasoning Questions-Logical reasoning questions present test takers with a short passage of about one paragraph. -Logical reasoning questions require test takers to consider the reasoning within the paragraph, and choose the best answer from multiple possible answers. -Test takers must critically examine, evaluate, analyze, or complete the argument made in the paragraph. Analytical Reasoning Questions-Analytical reasoning questions present a short passage to test takers that delineates a factual scenario. -A rule or list of conditions is set forth beneath the passage. These rules or conditions must be adhered to by test takers as they work within the scenario to answer questions. -Several questions relate to each passage and rule list (or list of conditions). The questions ask test takers to determine ordering, grouping, and other various relationships that could exist within the scenario. -In order to achieve a correct answer, the rule list and any new question-specific rules or instructions must be adhered to. -The questions ask test takers to perform deceptively simple tasks, such as arranging package deliveries in order, scheduling appointments in time slots, distributing spots for admission, and organizing seating arrangements around tables. However, the detailed rule list and question-specific requirements make these questions especially challenging. Reading Comprehension Questions-Reading comprehension questions present to test takers three lengthy reading passages and one set of comparative reading passages (these are two shorter passages that you consider together). -Reading comprehension questions ask five to eight detailed questions about each passage (or set of comparative passages). The questions require you to demonstrate a detailed understanding of what you have read; test takers succeed when they can thoroughly comprehend the reading. -Passage topics are varied; they most often include humanities, science, legal, and social science texts. However, other types of passages will sometimes be included by the test writers. -The three lengthy passages generally reflect sophisticated writing and vocabulary and can contain unusual complexities in argument structure and viewpoint. -The two shorter comparative reading passages require test takers to consider the relationship of one passage to the other; test takers answer questions regarding points made in one and then juxtapose these to counterpoints made in the other. Test takers will also consider individual applications of principles and the principles themselves, as well as generalities and specific instances in relation to passage arguments and descriptions. The Writing Sample-The writing sample is the essay portion of the LSAT. While the writing sample is mandatory, it is not graded and is therefore not a part of your LSAT score. Law schools independently evaluate each applicant's LSAT writing sample after receiving the potential law student's application. IF IT'S ON THE TEST, IT'S IN THIS BOOK. Reading Comprehension Passages 1st Grade: Level C Guided Reading Comprehension Passages with Text Evidence Questions for 1st Grade: This product is designed to help kids who are reading at Guided Reading Level C become skilled at reading simple passages and answering text-based comprehension questions. As students find the evidence that supports their answers, they participate in their very first close reading lessons. This pack is ideal for morning work once students are familiar with the format. (Upon request, an abridged version of this product is now also listed in Spanish. If you'd like to take a look, please [click here](#).) This packet includes 30 reading comprehension passages with three questions per passage. Each passage is presented twice. - In the first set, the passages are provided in a standard format. I have students circle the correct answer and also write it on the line. - In the second set, a color-coded crayon is provided in each answer box. Students use that color to underline the evidence in the text that supports their answer & also answer in a standard format. - Supports the following Kindergarten and First Grade standards: - CCSS ELA-Literacy.RL.1.1 - Ask and answer questions about key details in a text. - CCSS ELA-Literacy.RL.K.1 -With prompting and support, ask and answer questions about key details in a text. - If multiple choice questions are new to your kids, I recommend putting simple questions in a multiple choice format during calendar time or other daily routines. I like to give each student a strip of cardstock with A, B and C written on it and have them practice answering multiple choice questions by clipping a clothespin on the correct answer. This is an easy, fun way for kids to develop confidence answering multiple choice questions. - Once kids are comfortable with the multiple choice format, I like to discuss the first few passages with groups and demonstrate how to answer the simple text-based multiple choice questions. Some of the passages are similar to each other so you can use one passage to teach and the other to check each student's understanding during independent work. - I am finding that, with guided Reading comprehension practice, kids quickly develop the skills they need to be successful reading these passages and independently answering the multiple choice questions. These passages are based on common sight words. I also have kids find and highlight selected sight words. Supports the following standards: - CCSS ELA-Literacy.RF.1.3g - Recognize and read grade-appropriate irregularly spelled words (for beginning of year words). - CCSS ELA-Literacy.RF.K.3c - Read common high-frequency words by sight.
