Deborah Menkart, executive director, Teaching for Change Millions of people dream about making money as a freelance grant writer. But grant writing is different than any other type of writing—it requires specific elements as well as a certain style and know-how. By the nature of this series, this book is a clear, concise, and easy-to-follow guide. Covering the basic skills every grant writer needs, they will learn how to get the funds they are asking for—no matter how stringent the submission guidelines. This book explains all a prospective grant writer needs to know, including how to: Find the money up for grabs Apply for government and foundation grants Build community collaborations and partnerships Write a statement of need Develop a budget and budget narrative Fill out appropriate paperwork This book gives writers the insider information they need to confront the competitive market and seal the deal. No matter whether you are approaching public or private sponsors, this thorough and detailed step-by-step guide will enable you to plan and write winning proposals. Grantseeking is always a competitive process. As organizational needs outstrip resources, groups turn to grants as a means of strengthening their financial footing while pursuing their missions. This book draws on the authors' three decades of grantseeking experiences in writing successful proposals, conducting grant workshops nationwide, reviewing government and foundation proposals, and critiquing application guidelines for grantmakers to lead readers through the process of planning and writing successful proposals. The authors first provide practical strategies for project planning, including identifying sponsors, matching grantseeker needs to sponsor priorities, and qualifying prospects through pre-proposal contacts. The authors then guide users systematically through proposal writing, including introducing a template for letter proposals to private foundations and corporations, describing the primary elements of government proposals, and providing tips for constructing a realistic budget. This advice as well as the key questions to answer before you begin writing; actual proposals that were declined, with rejection reasons; and complete sample letter proposals comprised in this volume will help both beginning and experienced grantseekers to better plan and develop fundable projects. A guide to writing grant proposals tailored specifically to a donor's interests, complete with step-by-step instructions and samples of winning proposals. In grant-seeking, words can go where the applicant can't—the foundation boardroom, the corporation's headquarters—so it's important to use them as the strategic, powerful tools that they are. This book shows readers how to find, frame, and use words effectively to make the case for any organization and its projects. Readers are provided the tools for crafting a grant proposal that speaks directly to the funder's interests. Grant-seekers will learn: ? How to find out which funders fit their project exactly ? Strategies for figuring out what each grant-maker is looking for ? Critical tips for crafting attention-grabbing proposals Koch shows readers how to write with a point of view that is geared to the funder's interests and goals, while remaining true to the project. Packed with examples of winning proposals, and strategies for using words to inspire and convince, this is the must-have resource for any grant-seeker hoping to stand apart from the crowd. Webster's New World Grant Writing Handbook walks readers through every step of the grant writing process—from defining the project and getting and interpreting a foundation's

guidelines to submitting and following up on the grant application. This fully updated and revised edition of a classic guide to grant writing for health and human service professionals reflects the two major changes in the field: new NIH application processes and an increased emphasis on interprofessional and team approaches to science. New case examples reflect grant writing strategies for a great variety of health and human service professions, and the text includes an enhanced focus on online methods for organizing grant submissions. A new section on special considerations for submitting grants addresses specific types of research including community-based participatory research, mixed methods, behavioral intervention research, and dissertation and , mentorship proposals. The new chapter on common writing challenges and solutions provides examples of strong and weak statements and highlights the importance of writing with precision. Additionally, this new edition provides an expanded section on post-award requirements and links to NIH videos about grant writing. Written for individuals in both academic and practice settings, the guide addresses, step-by-step, the fundamental principles for effectively securing funding. It is the only book to provide grant-writing information that encompasses many disciplines and to focus on building a research career with grant writing as a step-by-step process. It provides detailed, time-tested strategies for building an investigative team, highlights the challenges of collaboration, and describes how to determine the expertise needed for a team and the roles of co-investigators. The book addresses the needs of both novice and more experienced researchers. New to the Fourth Edition: Reflects recent changes to the field including an emphasis on interprofessional approaches to science and new NIH application processes Offers additional case examples relevant to social work, nursing, psychology, rehabilitation, and occupational, physical, and speech therapies Provides links to NIH websites containing videos on grant writing Includes chapter opener objectives Expands section on post-award requirements Focuses on electronic mechanisms for organizing grant submissions From top experts in the field, the definitive guide to grant-writing Written by two expert authors who have won secured millions of dollars in government and foundation grants, The Only Grant-Writing Book You'll Ever Need is the classic book on grant seeking, providing a comprehensive, step-by-step guide for government, nonprofit, and individual grant seekers. Drawing on decades of experience in grant writing and professional development, Ellen Karsh and Arlen Sue Fox demystify the process of securing grants while offering indispensable advice from funders and recipients. This updated fifth edition includes: Vital information about grantsmanship in today's ever-changing economic and social climate In-depth interviews with funders, nonprofit leaders, and policy makers about the grants process A new chapter on how to diversify funding and think "outside the box" when grants are scarce Concrete suggestions for developing each section of a proposal Hands-on exercises that let you practice what you learn A detailed description of important websites for grant seekers Strategies for developing and presenting programs that are likely to receive grants
