Through a series of flash narratives, Kathryn Silver-Hajo's powerful debut story collection, Wolfsong, draws us irresistibly into the lives of a constellation of female

characters. Through a series of flash narratives, Kathryn Silver-Hajo's powerful debut story collection, *Wolfsong*, draws us irresistibly into the lives of a constellation of female characters. The girls and women of *Wolfsong* are by turns fierce, curious, playful, vulnerable, reflective and wise. Taken together, the stories form a compelling arc from the innocent explorations of childhood, through budding growth, maturation, and the sometimes-fraught journeys women undertake as they forge their unique places in the world. Silver-Hajo's characters uncover lifelong secrets and mysteries, face danger and uncertainty, celebrate what they've achieved and mourn what is lost. They love, yearn, cope with hardship, and discover how to take up the space in the world they deserve and have earned. The women of Silver-Hajo's *Wolfsong* will remain with readers long after the last page of this stunning collection is turned. "In *Wolfsong*, her debut collection of stories, Kathryn Silver-Hajo displays her mastery of very short form

storytelling. These stories are brilliant bits of sea glass one feels lucky to discover and treasure. Filled with family and food and music, lovers and friends, heartbreak and survival, these stories provide an evocative look at the hard lessons and the singular tender joys of girlhood and womanhood. You'll want to read and reread this beautiful collection and keep it close at hand. It's that good."--Kathy Fish, author of *Wild Life: Collected Works* "With a unique gift for writing about characters whom we feel we have known, Silver-Hajo writes with compassion, and lays bare many worlds of vulnerability, uncertainty, and joy. In these 34 debut stories about the lives of girls, adolescents, and women, she creates a dazzling distillation of experience that is both haunting and hopeful. This is a very fine example of what the flash fiction form can accomplish. The characters in *Wolfsong* nestle deep into our spirits and refuse to let go."--Meg Pokrass, author of *The Loss Detector* and *Spinning to Mars* "The wise stories in *Wolfsong* brilliantly

transport the reader from childhood to old age-- and teach one of the collection's heartfelt lessons of not wasting a moment 'on the poison of disapproval, let alone a lifetime.' *Wolfsong* is an inspiring journey every reader should take."-- Pamela Painter, author of *Fabrications: New and Selected Stories* "The very short stories in Kathryn Silver-Hajo's *Wolfsong* focus on small, lovely moments in the lives of characters in which everything is illuminated. These are stories that are very much grounded in place and time, but there's also a pervasive sense of what if throughout this collection, a tantalizing glimpse of an alternate future and the parallel universe of the imagination. These stories may be small in compass, but they're huge in humor and heart."--Sarah Freligh, author of *Author of Sad Math* "Beautiful and incisive. Each flash in *Wolfsong* is compelling in its own way. Through crisp imagery and lyrical prose, Kathryn Silver-Hajo directs her cast of characters through emotionally resonant stories. Among the female

leads you'll find characters who long to belong, others who undergo insufferable tests and some who narrowly escape tragedy, and each aims to steal the show. This debut collection does not disappoint."--Rachel Laverdiere, Former CNF Editor, *Atticus Review*, *Barren Magazine* and Creator of *Hone* and *Polish Your Writing* creative writing program *Fiction*. Enter the *Nine Lands of the Mountain Fell*. Skye has only ever known pain and solitude since waking up with neither memories or magic. Hunted for being a Ruler in a time when they are scarce, she has survived in the wilds near the Rim, always on the run from the rest of her kind. Only starvation could draw her close to a village, but when a chance encounter and a bit of bad luck launch her into the arms of a man whose soul is bonded to hers, hiding who she is may no longer be possible. Ilyas is a hunted man. Wanted for killing the last High Queen of Vine, he is plagued by his past of wholesale slaughter. He never wanted another Queen, and certainly not a half-

feral, distrustful girl who gave up on the Fae a long time ago. Unfortunately, Soulbonds are not so easily walked away from, no matter how hard they both may want to, especially when trapped together in a cave with a pack of Feral Fae right outside. With long-held enmities breaking out between the besieged villagers and all their lives on the line, Ilyas and Skye must learn to work together and trust each other if they want to survive. The fantasy novel you've always wished Jane Austen had written *Shades of Milk and Honey* is exactly what we could expect from Jane Austen if she had been a fantasy writer: *Pride and Prejudice* meets *Jonathan Strange & Mr. Norrell*. It is an intimate portrait of a woman, Jane, and her quest for love in a world where the manipulation of glamour is considered an essential skill for a lady of quality. Jane and her sister Melody vie for the attentions of eligible men, and while Jane's skill with glamour is remarkable, it is her sister who is fair of face. When Jane realizes that one of Melody's suitors

is set on taking advantage of her sister for the sake of her dowry, she pushes her skills to the limit of what her body can withstand in order to set things right-and, in the process, accidentally wanders into a love story of her own. Wolf's rival, Rain, has stolen his precious amulet! Furious, Wolf is determined to retrieve it but following Rain

takes him and Crow on a journey far beyond the world he knows--over oceans to mountains filled with fire and a mysterious island at the centre of the world. "Will you tell me your dream?" Disgraced and dying in exile, an aging warrior happens upon a nameless child trapped in a cage, alone in the woods. Together, they learn to survive the dying world in which they live as an unusually intelligent wolf stalks them from a distance. "For many, wolf is a great teacher - the very spirit of strength and endurance. For others he inspires deep-seated anxieties, fears that have resulted in a campaign of extermination so long-lived that, until recently, the wolf has teetered on the edge of extinction. From famous "outlaw" wolves of the early twentieth century, such as Ghost Wolf and Snowdrift (who had bounties on their heads), to the archetypal Father Wolf of Native American religion, Wolfsong explores the complexity of our relationship to the wolf and pays tribute to this elegant and wise animal."--Jacket. It is said that

the secret of the Tarot is hidden in the figure of the classic Hanged Man card. The "correct arrangement" of the cards, that reveals their true meaning, is connected to the "Hanged Man" figure. This book is about a system that underlies the structure of the Tarot cards; a system that hid a heresy and a means of passing the teachings of that heresy on to others by using the cards as an instructional device. The system, or pattern, hidden in the Tarot has been spoken of, in rumor, since the cards first made their appearance in Europe, so long ago. This book reveals and fully explains this connection and the resulting secret pattern to the cards. From the author of *Wolfsong in Georgia*, *Memoirs of a German Shepherd Dog Family*. Three dogs. And when the Sleeping Goddess sleeps no more, it seems Wolf's whole world will be caught in her fury. With the Goddess's curse heavy on his shoulders, can Wolf find the strength to rise against it and become a true shaman? When his wolf-dog goes from furry to beautiful girl in 2.7 seconds, 17-year-old Kia doesn't believe it. Arii's been recruited to bring Kia home, back to her realm, where werewolves are real, the supernatural exists, and tension between the two wolf packs is threatening to erupt into a full-scale war. With his father missing, Kia is the rightful heir and without an Alpha's power behind them, their pack is defenseless in the face of an oncoming battle. Kia has spent his entire life being a wallflower—he's not leader material, but he's not given a choice. Stolen away from all he knows, he's thrust into a world where rank is dictated

by the color of your eyes and where the light of the full moon transforms you into a powerful beast. All Kia wants is to go home, where his only worry is not flunking calculus. With the help of his new-found friends, he soon realizes that the only way to return to the real world is to end the war—but not everyone wants Kia to succeed, and as he starts to enjoy his awakening confidence as a leader and he falls deeper in love with Aari, he starts to doubt if he wants to go back at all... "I held up the amulet and looked at it again. In the light of the dying fire, the eyes shone even brighter. They almost seemed to be smiling." Wolf has returned to his village with the stolen spear but his life is far from peaceful. Determined to become a shaman, he is gifted a special amulet which gives him seeing dreams: mysterious visions of the future. But Wolf's rivalry with Rain takes a nasty turn and, when Moon is poisoned, the village rejects Wolf once again. In order to clear his name, Wolf leaves to guide a sickly Moon to find a cure -- but it seems
