The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach focussed on making pupils think and work scientifically. The Challenge Activity Books provide extension activities for children who need more challenging activities to stretch their skills beyond the standard for success expected in Primary school. They include a full range of carefully levelled activities which help stretch and deepen a child's understanding, plus helpful guidance for explaining to the learner, teacher or parent the key scientific methods and concepts underpinning each exercise. Designed for today's active learners, The Communication Playbook moves students beyond the classroom by helping them develop a strong communication skillset that will benefit them throughout their lives. With a focus on effective communication skills and career success, bestselling authors Teri Kwal Gamble and Michael W. Gamble give students clear explanations of core concepts followed by practical learning activities—encouraging students to think critically about why good communication is important and how the concepts can be applied to today's classroom, workplace, and community. Perfect for the hybrid communication course with coverage of public speaking, this concise text has been strategically separated into tabbed chapters—making it easier for readers to navigate, digest, revisit, and review the content. As good communication is the foundation of everyday life, The Communication Playbook primes students for success in both their courses and their careers.
